

2015 Z800 ABS

Z800: UNLEASHED

More than 40 years after the birth of the original Z, the 2015 Z800 ABS carries on the spirit, and takes the design in an aggressive, modern direction. Designers were given free rein on the Z800 ABS to pursue a vivid expression of the Z brand for the mid-size class. Engineers were equally unconstrained when it came to engine and chassis design; a punchy inline four cylinder engine and sharp handling chassis, the 2015 Z800 offers an exciting and expressive choice of ride that makes other options seem pale in comparison.

Engine:	
Type	Liquid-cooled, 4-stroke In-Line Four
Displacement	806 cm ³
Bore and Stroke	71.0 x 50.9 mm
Compression ratio	11.9:1
Valve system	DOHC, 16 valves
Fuel system	Fuel injection: ø34 mm x 4 (Keihin) with dual throttle valves
Ignition	Digital
Starting	Electric
Lubrication	Forced lubrication, wet sump
Drivetrain:	
Transmission	6-speed, return
Final drive	Sealed Chain
Primary reduction ratio	1.714 (84/49)
1st	2.571 (36/14)
2nd	1.941 (33/17)
3rd	1.556 (28/18)
4th	1.333 (28/21)
5th	1.200 (24/20)
6th	1.095 (23/21)
Final reduction ratio	3.000 (45/15)
Clutch	Wet multi-disc, manual
Frame:	
Type	Tubular backbone (with engine sub-frame), high-tensile steel
Wheel travel:	
Front	120 mm
Rear	137 mm
Tyre:	
Front	120/70ZR17M/C (58W)
Rear	180/55ZR17M/C (73W)
Caster (rake)	24°
Trail	98 mm
Steering angle (left/right)	31° / 31°

Suspension:	
Front	41 mm inverted fork with rebound damping and spring preload adjustability
Rear	Bottom-Link Uni-Trak, gas-charged shock with piggyback reservoir and stepless rebound damping and preload adjustability
Brakes:	
Front:	Dual semi-floating 310 mm petal discs
Calliper	Dual opposed 4-piston
Rear:	Single 250 mm petal disc
Calliper	Single-piston
Dimensions:	
Overall length	2,100 mm
Overall width	800 mm
Overall height	1050 mm
Wheelbase	1,445 mm
Ground clearance	150 mm
Seat height	834 mm
Curb mass	231 kg
Fuel capacity	17 litres
Performance:	
Maximum power	83.0 kW {113 PS} / 10,200 rpm
Maximum torque	83.0 Nžm {8.5 kgžm} / 8,000 rpm
Colours:	

Metallic Spark Black / Flat Ebony

The specifications mentioned here apply to and have been achieved by production models under standard operating conditions. We intend only to give a fair description of the vehicle and its performance capabilities but these specifications may not apply to every machine supplied for sale. Kawasaki Heavy Industries, Ltd. reserves the right to alter specifications without prior notice. Equipment illustrated and specifications may vary to meet individual markets.

Unleashed Design

Given the freedom to create an unrestrained design for the Z800, designers pursued a much more aggressive and visceral appearance. The 2015 Z800 exudes a palpable presence – less a machine and more a living, breathing entity. Numerous street-fighter touches contribute to the more aggressive package.

806 cm³ liquid-cooled, 4-stroke In-line Four tuned for strong low-mid range torque

Increased displacement via a larger bore offers increased performance at all rpm. Stronger low-mid range torque offers greater usability in everyday riding situations. Fuel injection with a high-capacity ECU, ultra-fine injectors and larger throttle bodies with sub-throttles all contribute to ultra-smooth power delivery.

Shorter final gearing

A larger rear sprocket emphasises the Z800's already more powerful acceleration.

Highly communicative chassis

Tubular backbone chassis design with engine sub-frame and new connecting pipe, and revised chassis rigidity offer great feedback to the rider, communicating what the bike is doing in all situations.

The Rider Experience

Inverted fork contributes to the Z800's quick, nimble handling, excellent road-holding ability and superb feedback.

Combine this with rear suspension built to attack the tighest of twisties and the Z800 ABS is the machine to suit your desired riding experience.

Foward and attacking with true feedback and instictive feel, the Z800 renews the raucous joy of riding a Kawasaki Z.

Piggyback-reservoir-equipped rear shock

Piggyback reservoir offers increased cooling performance. Rear shock repositioned to the left side for better left-right balance.

Enhanced braking performance

Opposed, 4-piston calipers gripping larger-diameter 310 mm petal discs deliver formidable stopping power with superb control and feel.

Full digital instrumentation

Triple LCD customizable screen instrumentation includes a level-meter-style tachometer, fuel gauge, remaining range and the Economical Riding Indicator.

Natural riding position

Riding position was designed to enable the rider to become one with the bike, contributing to outstanding machine control. New seat design contributes to increased comfort for rider and passenger.

Textured seat featuring embossed Z styling

Narrow seat width at the front for solid purchase on the ground.

Sharp and in control with wide bars and sporty stance to give great turning ability and a full feeling of control.

Buffed header pipes

Elegant curves of the exhaust header pipes and a buffed finish complement the Z800's fierce street-fighter styling.

Aggressive front cowl

Fierce, glaring appearance of the Z800's visage is one of its key styling features.

LED taillight

New taillight design features a 'Z' pattern - a nice touch that complements the slim tail section of this latest Z-model.

Sharp under-cowl

Standard on ZR800 models, the under-cowl adds to the Z800's street-fighter image and along with the engine shrouds contributes to the aggressive, visceral styling. The beast chasing it's prey, hunting it down the road.

Standard ABS

The Z800 features a compact and lightweight Nissin motorcycle ABS unit. The unit is located under the rider's seat, contributing to increased room for storage under the passenger seat.

Accessories for ZR800BFF 2015 Z800 ABS (2646)

AIR FILTER CLEANER

* Quickly and easily removes filter oil, dirt and other contaminants * Advanced formula removes super tacky air filter oils by breaking down and solubilising the oil * Easily washes out with water * Works with both foam and fabric air filter elements * Will not degrade foam, paper or glued air filter seams * For best results use with Kawasaki Performance Air Filter Oil * 64 US FLOZ (1892mL)

AIR FILTER OIL

* Race proven formula allows for increased air flow while providing ultimate protection from harmful airborne contaminants reaching critical engine components * Super "tacky" * Resists wash out from water and fogging * Will not degrade foam cells or filter seams * FACTORY GREEN COLOUR * 32 US FLOZ (946ml)

BIKE COVER OUTDOOR MEDIUM

Bike cover (Medium) outdoor. This tough lightweight polyester outer cover shields against dirt, and weather. With front and rear hole for lock and elastic lower band. Adjustable belly strap to keep the cover attached in windy conditions.

BOBBIN SET WITH PROTECTORS

Unpainted stainless steel bobbin with additional ring to protect the rear swingarm from scratches.

CHAIN LUBE SYNTHETIC

* Advanced race proven formula designed for both on and off-road applications * Ultimate protection for your drive system from rust, corrosion, and premature wear * Super tacky formula resists "fling off" * Safe for O-ring and non O-ring chain types * 14 OZ (395g)

CLEANER WIPE DOWN

* High gloss formula specifically developed for the Powersports industry * Wipe down cleaner coats plastic, fiberglass and painted surfaces * Restores showroom shine in a few quick wipes * Makes cleaning process fast, simple and effortless * Leaves a clear coat film for extended protection against the elements * 12 US FLOZ (355mL)

COOLANT ALUMA-COOL

* Full strength engine coolant (not pre-diluted) * T-Triazole for maximum corrosion protection in aluminium cooling systems * Contains foam and rust inhibitors

DETAILER WAX AND SHINE

* The All-In-One Detailer that cleans, shines and protects all painted surfaces, chrome parts, windshields and plastics * Carnauba wax formulation provides a deep show-like shine making your vehicles painted surfaces come to life * Easy spray applicator * 12 US FLOZ (355mL)

ENGINE GUARDS KIT

Engine guards kit exclusively styled side protection dampers manufactured from high density material with metal connection bracket.

FLUID BRAKE DOT 3&4

* Performs consistently over a broad range of temperatures * Meets all DOT 3/4 specs for universal application

GEAR POSITION INDICATOR

The DS gear position indicator is designed for motorcycles with the Kawasaki Diagnostic (KDS) connector. Installation is very simple with just one plug. Reads data directly from the ECU. Compact and weatherproof display. (Non Kawasaki Branded Product).

PREWASH - ON AND OFF ROAD

* Unique formula breakdowns dirt, grime and oils while gently protecting paint and other delicate finishes * Safe on plastics, carbon fiber, paint, anodizing, aluminum, titanium, rubber * Biodegradable cleaning formula * Contains no harmful acids, CFC's or solvents * Will not harm seals or brake pads * Spray on, wash off, go ride * 32 US FLOZ (946mL)

REAR BAG - BACKPACK 13L

Compact tail bag with side pockets. It has a back pack function, bungee net and handle. Reflective piping for night visibility. Waterproof zipper seams. Including waterproof inner bag, 4 elastic straps, 4 adjustable straps and 2 backpack straps. (Non Kawasaki branded product, produced and developed by SW-Motech). Colume:13L Dimensions: 36x33x22cm.

SADDLEBAG SET WITH HOLDERS Z800

Semi soft saddlebag set made from high quality nylon material with reflective details. Removable quick-lock brackets prevent contact between saddlebags and tyres. Volume per side 14-21L. Including inner bags. (Non Kawasaki branded product, produced and developed by SW-Motech).

SEAT COWLING (660)

Metallic spark black (660). Stylish seatcover to enhance the sporting appearance of the bike. Includes rubber pad.

TANK BAG

Strong nylon tank bag with side pockets and transparent top cover. Expandable from 13 to 22 litre. Tank base is fixed with straps. Bag has zipper connection to tank base. Waterproof zipper seams and reflective piping for better visibility. Including waterproof inner bag and carrying strap. (Non Kawasaki branded product, produced and developed by SW-Motech) Volume: 13-22L. Dimensions: 36x33x23cm.

TANK PAD Z800

Z800 "Z" logo: Top quality gel-resin self-adhesive tank protector set. Semi-transparent with black pattern.

WINDSHIELD (METER COVER)

Smoke windshield meter cover. Compact sporty windscreen for improved wind protection.

Z800 GPS BRACKET

Solid easy to install bracket for your navigation system. Hardware supplied for fitment of Gramin Zumo 550/660 and Tomtom sider 1 + 2.
